Re: Malvern Residents 911

To the residents of Malvern,

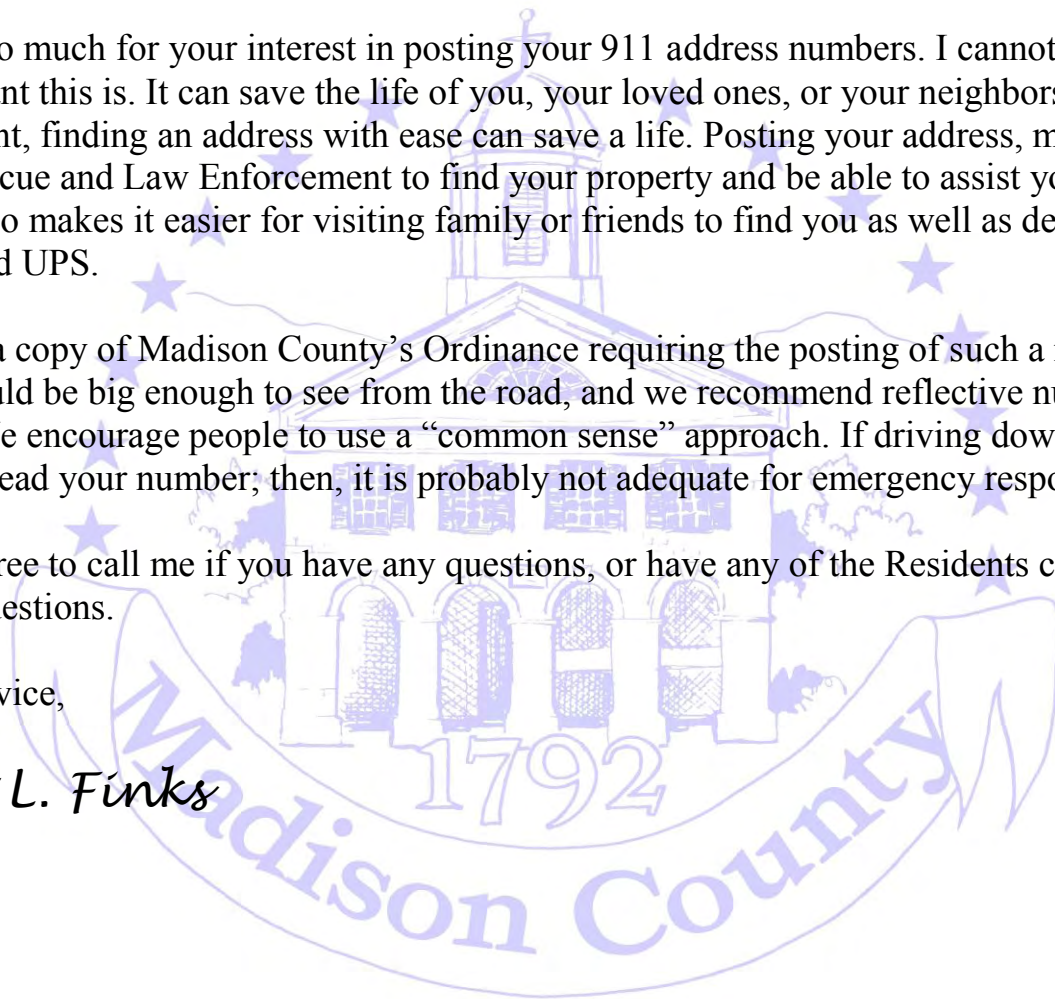

Thank you so much for your interest in posting your 911 address numbers. I cannot express how important this is. It can save the life of you, your loved ones, or your neighbors. When seconds count, finding an address with ease can save a life. Posting your address, makes it easy for Fire, Rescue and Law Enforcement to find your property and be able to assist you for any reason. It also makes it easier for visiting family or friends to find you as well as deliveries such as FedEx and UPS.

Attached is a copy of Madison County's Ordinance requiring the posting of such a number. The number should be big enough to see from the road, and we recommend reflective numbers for night use. We encourage people to use a "common sense" approach. If driving down the road, you cannot read your number; then, it is probably not adequate for emergency response.

Please feel free to call me if you have any questions, or have any of the Residents call me if they have questions.

Yours in service,

Robert L. Finks

erect street signs but has failed to do so, the future erection of street signs shall be in conformance with this ordinance.

SECTION 9. All properties or parcels of land within Madison County shall hereafter be identified by reference to a uniform numbering system, as shown on maps filed in the Office of the Madison County E-9-1-1 Coordinator. Said maps and the explanatory matter thereon are hereby adopted and made a part of this ordinance.

SECTION 10. A house or building number shall be assigned to each dwelling or other building in the County. The combination of such numbers and the road or street name shall be the official address of such dwelling or building. Such location shall serve as the official mailing address for postal patrons receiving home or rural delivery.

SECTION 11. When each house or building has been assigned its respective address, the owner, occupant, or agent shall place or cause to be placed upon each house or building controlled by him the number or numbers assigned under the uniform numbering system. Such numbers shall be placed on existing buildings within sixty (60) days of notification of the assigned address. Such numbers shall be placed on new buildings prior to occupancy. The cost of posting the address shall be the responsibility of the property owner.

SECTION 12. Street address numbers for residence shall be at least three (3) inches in height and shall be of a durable and clearly visible material. The numbers shall be conspicuously placed on, above, or at the side of the main entrance so that the number is discernible from the street. Whenever a residence is more than seventy-five (75) feet from the street, or when the entrance is not visible from the street, the number shall be placed along a walk, driveway, or other suitable location so that address numbers shall be of a contrasting color to the background on which they are mounted.

SECTION 13. Street address numbers for commercial and industrial structures shall be at least four (4) inches in height if located within seventy-five (75) feet of a roadway or at least (10) inches in height if located greater than seventy-five (75) feet from the street. The number shall be placed above or on the main entrance to the structure when possible. If such number is not visible from the street, the number shall be placed along a driveway or on a sign visible from the street.

SECTION 14. Apartments and similar complexes assigned a single building number shall display address numbers on each assigned structure using numbers having a minimum height of eight (8) inches. Trailer parks and similar complexes assigned a single building number shall display the assigned number at the main entranceway using numbers having a minimum height of eight (8) inches. Numbers or letters from individuals apartments, trailers, or units within these complexes shall be displayed on, above, or to the side of the main doorway of each apartment, trailer, or unit, and shall be at least three (3) inches in height.

SECTION 15. Whenever any house, building, or structure shall be erected or located after the initial establishment of the uniform numbering system as provided herein, it shall be the duty of the property owner to procure the correct number or numbers for the
